The New APPLE TRAIL

 ca. 2 h  3,7 km  172 m   

Do you know which colour is invisible to bees? Along the bacchus & pomina Apple Trail, with its interactive stations and informative placards, you will find a wealth of interesting facts about the history of Schenna and this fruit-farming region. Besides a beehive and apple sound effects, there are also inviting farm shops where visitors can try some of the local delicacies. Starting in the town centre, the bacchus & pomina Apple Trail leads down the Wiesen-street behind the Hotel Schennerhof up to the Verdins-street just before the Restaurant Petermann. Follow the trail to the Auelerhof, past the Loth and Krebs farmsteads to the district of St. Georgen, which overlooks the city of Meran. From here, the route leads down to the Rodelstein children's playground and back to the starting point along St.-Georgener-street. Paid parking: in the village centre.

2 bacchus & pomina
The New WINE TRAIL

 ca. 2 h  5,3 km  188 m   

More than twenty interactive stations describe and illustrate the work that goes into the vineyards – offering insights and an overview of the local history while revealing some curious facts about the noble vine. Along the route are a number of unusual points of interest, including an "aromatic" station. A stopover at the local wine estates and farm shops lining the route is a must. From its starting point in the village centre, the themed bacchus & pomina route leads down the Katnauweg and Leiterweg trails past the Innerleiterhof wine estate to join with the Maier Waalweg irrigation channel path. Follow the path running alongside the canal as it winds its way down to Meran and the Planta Castle. Continue on the Haslerweg trail passing through Tsochigassl before arriving at the Lido Schenna outdoor pool. The Mitterplattweg trail leads back to the starting point. Paid parking: in the village centre.

KLAMMEBEN to MAHD-ALM

 ca. 1 h  3 km  95 m

After the Mahd-Alm, take trail #28 with a moderate incline up to the Rotmoos and from there to the Tallner Alm and Staffell Alm. Trail #7 takes you to the Grube chairlift, which takes you back to the Verdins cable car mountain station (from Mahd-Alm: ca. 2 1/2 h, 5,5 km, moderately difficult hike). The hamlet Videgg lies at an altitude of approx. 1,500 m in a sunny location. From there you have a wonderful view of the Ifinger massif, Schenna's local mountain. You're probably wondering what a hamlet is? Not a village yet, but nonetheless a settlement: a hamlet is defined as a congregation of at least three, and at most ten, farms. In Videgg there is a small church, three inns and a few steep farms. This easy hike starts in the district of Oberkirn, which you can reach by taking the Verdins cable car. From here you walk to the right on the small asphalt access road through woods and meadows that leads to Videgg. Bus connection: Hiking bus Schenna-Verdins cable car or route 231 Schenna-Verdins. SCHENNA WAALWEG Irrigation Channel Trail

Starting in Schenna, head in direction of the Schennaberg mountain across the Ifingerstraße as far as the Taser cable car / Pichler. Follow the signposts to the Waalweg trail leading south until you'll reach the Café am Waal. There is a Kneipp station on the Waalweg trail. The water treading pool offers a pleasant way to cool off. Accompanied by a marvellous panoramic view over Meran, the trail crosses through meadows and forests above St. Georgen before descending down to Schenna.

THE SAGENWEG Trail of Legends

⌚ ca. 1 h 🚶 1.5 km 🏔 50 m ☀ ❄ 📶

The wooded region between Thurnerhof and Schenna Castle is home to a strange cluster of mysterious figures. A face-to-face encounter with these eery wood-carved statues is sure to get your imagination going. The Schenna Trail of Legends also features a game that enables passers-by to generate sounds from a wooden instrument. The circuit trail starts and finishes at the local school.
